

All Billet Lifter

General

Slab Billet Clamp utilizes gravity to grip and release materials. The machine is used for handling marble and granite slabs from the billet saw.

Features

- A gravity hoisting device is used to control the opening and closing of the clamp
- The clamp has one movable jaw, which is lined with rubber
- The clamp uses the weight of the load to generate a closing force and the friction generated by the clamping force to clamp the slabs

Details	Size
Grip range	10- 65 mm
Working load limit	200 kg
Net weight	20 kg
Gross weight	25 kg
